

Tina Frescoln

The UMRC & Porter Hills Foundation is pleased to have Tina Frescoln as a member of its Board of Directors. Tina's inspirational faith, her commitment to family and community, and her varied background of service, make her an asset to the Foundation board.

The daughter of an Air Force officer, Tina grew up in many locations. She met her husband, Dave (also a member of the UMRC & Porter Hills Foundation board), in Colorado. As a mother, Tina became active in the Parent-Teacher Organization of her sons' school, serving as chair, assisting with fundraisers, and even driving a school bus! Tina continued her education, completing a degree in exercise science and technology, graduating Magna Cum Laude, and worked as a cardiovascular rehabilitation specialist.

Tina has always given back in the communities where she and her family have lived, including serving as a member of the Farmington YMCA Board, a deacon at First Presbyterian Church of Plymouth, and a hospice volunteer at McLaren Northern Michigan Hospital. Tina became engaged with the Christ Child Society in the Little Traverse Bay area and spent fifteen years on the board of the Bay Harbor Foundation.

The UMRC & Porter Hills Foundation is grateful for Tina's heart for mission and her compassionate service.
