

LIVE LIFE

FAITHFULLY...

BENEVOLENT CARE (\$2 MILLION)

The cornerstone of our organization throughout our combined history has been the **Benevolent Care Fund**, ensuring that qualified residents who outlive their savings always have a home where they are loved and cared for like family. It is at the heart of our faithful founders' vision on both sides of the state, allowing older adults to age with dignity and grace, even if they exhaust their resources. It remains the most faithful aspect of the work we do to care for older adults, and we continue to honor that commitment. Through the **Live Life with Brio** Campaign, we will focus fundraising efforts for the Benevolent Care Fund for both the east and west.

Did you know?

The average age of a Benevolent Care recipient is 91 years old.

"There are not enough words to express my tearful thanks to the UMRC-Porter Hills Foundation's Benevolent Care Fund for the care of my wife these past several years. I don't know what we would have done without this financial assistance. Benevolent Care is wonderful and appreciated by people like us who are suffering through a serious late life trauma. Thank you."

—Edward, resident
